WANTED.—Local representative for Chanute and vicinity to look after renewals and increase subscription list of a prominent monthly magazine on a salary and commission basis. Experience desirable but not necessary. Good opportunity for right person. Address Publisher, Box 59, Station O, New York.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Locals.

Mrs. E. C. Burris went up to Kansas City, last Saturday to make a little visit.

Mr. and Mrs. Henry Trammel visited in Elsmore, over Sunday.

Mrs. J. C. Ramsey is visiting in Pennsylvania. Ella and John are running the Ramsey mansion in her absence.

The position of train master which John Ramsey has so ably filled on the Santa Fe for several years, has been abolished and John is conductor again.

The grocery store on corner of 8th and Malcolm has been purchased by Jonathan Ellis and son.

Mrs. Daniels and daughter, Zylpha have returned from a long visit in Western Washington. They report a great visit and seem to think they would like to live in that country, especially Zylpha.

Jesse Denions visited in Chanute, Saturday.

All kinds of weather prevailed, last Sunday Saturday night, rain fell about all, the time it poured at times, continuing well into the forenoon Sunday then turned to snow. Now, bright warm sunshine prevails.

Mrs. L. W. Williams was called to Hepler, Monday, by the death of her father.

Dr. Brown, after a painful illness of over a week, is again attending to his usual duties.

It is reported that Oklahoma fruit is badly damaged by the freeze, the first of the week.

Myrtle McCune and Laura McFadden have from a shopping expedition in Kansas City.

Geo. W. Alecock has gone down into Oklahoma.

Mr. and Mrs. Geo. Jenner visited Erie Wednesday.

S. E. Beach went down to Colony Wednesday.

You fellows on S. Lincoln and S. Stephen who were so anxious to save those streets now have the privilege of coming around and paying for the whistle. It only cost in the neighborhood of \$2 per foot. Then you will be allowed to pay your portion of the expense on the intersections of streets.

Mrs. M. L. Brown has gone to Lawton, Okla.

Theodore Schmutz, some time back, traded his fine Chanute home for a farm, situated north of town and has moved on to the place and is now a full fledged farmer. His farm lies just across the north river bridge on the right hand side, going north. Schmutz is now devoting most of his time to the propagation of duck and frogs. He has a fine crop coming on.

The Baptist people are holding a protracted meeting.

Mr. R. Usher is working in Cherryvale.

Otto Briley, the hustling young attorney went to Yates Center on business, Tuesday.

Mrs. S. M. Neal is in Wichita on lodge business.

Mrs. Geo. Basler is visiting her mother in Erie.

Elsie Parsons has sold his large residence on S. Highland to Dr. Atherton. We understand the Dr. contemplates establishing a sanitarium.

Harry Carwile of this city is being urged by his friends as a very suitable candidate for sheriff.

Mrs. Grant Hurt is visiting in Kansas City.

Better speed your autos down a little under the recent order.

Mr. and Mrs. Art Harp have gone to Claremore Okla. for a little visit.

Mrs. G. N. Lindsay is in the city for a few days.

Keep the bowels open with one of Ayer's Pills at bedtime, just one.

TOWNSHIP EXAMINATIONS

Erie, Kansas, Feb. 23d, 1908.

Township Examinations will be held in the various Townships of Neosho county this year on Friday and Saturday, March the 20th and 21st. There will be but one examination this year.

To the Teachers and Pupils of Neosho County:

The above examination for this year will be held on the above dates at the places named below, beginning at 8:30 each morning; such examination to be conducted by the teachers named after each place designated.

Valley City, Mae McClure and Constance Grillo; St. Paul, Susie Berry and Chas. Hazel; Ridge, Roy Harding and Geo. Chickadee; Stark, Prof. W. S. Marks and Eletha Dewell; Big Creek, Grace Moody and Katrina Stoezel; Shaw, Walter Bell and Lloyd Burdge; Earlton, Louella W. man and Z. A. Eaton; Morehead, Gertrude Baker and O. E. White; Galesburg, Inez Cain and John Ewen; South Mound E. S. Vorhes and W. F. Hearst.

In the arrangement between the teachers having supervision, I would suggest that the teacher having charge of the school in the district where the examination is held should supervise the work of the first day and the other teacher could assist or supervise the second day.

The questions for the examination will be mailed to the first teacher mentioned as examiner at the different places where the examinations are to be held and will be sent in two different packages, marked for the days work and are not to be opened until the morning of the day on which they will be used. The examiner will please acknowledge receipt of these parcels as soon as received.

The first day's work will be examinations in Orthography, Reading, Penmanship, Geography and Kansas History. The second day's work will be examinations in Arithmetic, Grammar, Constitution, U. S. History, Physiology and Algebra, (elective).

All papers are to be sent me after the examination to be graded by Miss Gertrude Baker and the County Superintendent.

An examination fee of twenty five cents will be charged each applicant which is to be retained by the examiners to be used in paying any expenses that may be incurred. Applicants may write upon any or all of the branches at this examination and if a general average of seventy five per cent is made, the applicant not falling below sixty per cent, in any one branch, a diploma will be issued to them at the time of their graduation exercises which will be arranged for later upon the payment of one dollar. Any grade of seventy five per cent or better will be recorded and such grade may be carried by the applicant toward graduation.

No pupil is supposed to take this examination who has not finished the seventh or eighth grade work. It is the desire of the County Superintendent that this examination may be made to mean something to the pupils; the examiners at the different places of examination should exercise due vigilance in that there shall be no conversation between those taking the examination. I would suggest that it might be all right for the examiner to explain questions that are not plain grammatically speaking, but care should be taken that too many questions are not asked.

Very truly yours,
C. S. SWAIN,
County Supt.

..Hauling Corn..

That old wagon may not hold. Better be sure of it and buy a new one

THE MOLINE WAGON

Will stand the haul; it's built that way—right in every part, from ton to tip to end-gate, from spring seat to wheels.

Moline wheels have oak hubs of ample size into which the spokes are driven, after being dipped into linseed oil to the shoulder. They cannot possibly get loose or rattle, especially when further held by oak fellows of extra depth which hold the end of the spokes securely, because the tenons are longer and larger. Then the tire is put on in such a way that it binds the whole wheel solidly at just the right dish. This wheel will carry the load, and every other part of the wagon is built just as carefully. Come and see it. The price is an object too.
